Students are expected to maintain a quality of achievement significantly above minimum UMKC standards for degree work. Individual student progress will be monitored throughout the program. Satisfactory progress is required of all students for retention in the program. Students are expected to maintain academic standards, perform satisfactorily in courses, refrain from academic dishonesty, comply with the established University and teacher education timetables and requirements, and refrain from unethical or unprofessional behavior or behaviors that obstruct the training process or threaten the welfare of the student or others. Other circumstances involving student behavior will be addressed by the faculty on an individual basis.

**A maximum of 3 hours of one-credit activity courses in physical education may be applied toward the 120 total minimum**

**All students completing a Bachelor of Arts degree in Political Science must meet the following conditions:**

- At least 24 hours of political science coursework (including 490 or 492WI) must be at the 300- to 400- level, and at least 12 hours must be earned at UMKC. Students transferring from other institutions should check as soon as possible to determine which of their credits will transfer as 300- to 400-level political science courses.
- Only courses in which a grade of C- or better is earned will count towards the major. Additionally, a political science degree will be granted only to those who have achieved at least a 2.0 GPA in their approved departmental program.
- The major in political science serves both to foster a liberal arts education and to meet a range of pre-professional educational objectives. Courses 210 and 220 should be taken as early in the student's program as possible. Because there are optional ways for students to meet the remainder of the requirements for the major, students should, through consultation with a department faculty adviser, develop an approved program of study that best suits their educational goals.
- Political science majors are required to take at least one 300-400 level course in the first four of five subfields. Three additional (elective) courses may be taken in any subfield. Courses taken in the last subfield (Study Abroad Programs and Internships) normally will only count as elective credit, but may

**Transfer Students**  
**Catalog Year: 2013-2014**

be counted as a required subfield course with the permission of the department adviser. Meet with the department's undergraduate adviser for more information.

- Pol Sci 497 and 498 will only satisfy a subfield requirement if specifically approved by the undergraduate adviser.
