First-time College Students  
Catalog Year: 2013-2014**

**Four-Year Graduation Plan - Courses and Critical Benchmarks**

The following is a sample course of study. It is the Student's responsibility to ensure that all program requirements are met. This guide is not a substitute for academic advisement. **All incoming freshmen must develop an academic plan (which maps out all courses needed to graduate within your intended major/degree). Your academic advisor is available to meet with you and create your specific plan.**

*Your path to graduation may vary slightly based on factors such as college credit you earned while in high school, transfer work from other institutions of higher learning and placement in Mathematics. You are responsible of checking prerequisites to any courses. Critical Courses (and Min. Grades as noted below) provide feedback regarding major fit and help indicate the likelihood of successful completion of chosen academic program and degree.*

**Mathematics: Math 110 or MATH 116, or 200-level MATH/STAT      Foreign Language Requirement: Yes      Free Elective Hours: 7-19**
