Four-Year Graduation Plan - Courses and Critical Benchmarks

The following is a sample course of study. It is the Student's responsibility to ensure that all program requirements are met. This guide is not a substitute for academic advisement. **All incoming freshmen must develop an academic plan (which maps out all courses needed to graduate within your intended major/degree). Your academic advisor is available to meet with you and create your specific plan.**

Your path to graduation may vary slightly based on factors such as college credit you earned while in high school, transfer work from other institutions of higher learning and placement in Mathematics. You are responsible of checking prerequisites to any courses. Critical courses and benchmark indicate academic requirements for each term of enrollment.

NOTE: All Teacher Education Professional and Pre-Education courses must be completed with a C or better. The Grade column indicates the recommended grade for this course.

The School reserves the right to make changes in courses, degree requirements and course schedules without notice.

Students are expected to maintain a quality of achievement significantly above minimum UMKC standards for degree work. Individual student progress will be monitored throughout the program. Satisfactory progress is required of all students for retention in the program. Students are expected to maintain academic standards, perform satisfactorily in courses, refrain from academic dishonesty, comply with the established University and teacher education timetables and requirements, and refrain from unethical or unprofessional behavior or behaviors that obstruct the training process or threaten the welfare of the student or others. Other circumstances involving student behavior will be addressed by the faculty on an individual basis.

Program Description

The School of Education, organized officially as a separate academic division in 1954, was the result of the University of Kansas City's involvement in professional education since 1940. At that early date the University was offering an M.A. in education, heavily liberal-arts laden, with most classes conducted in the summer and evenings. An undergraduate major in elementary education was established in 1952, and the first University of Kansas City doctoral program, the Ph.D. in education, was inaugurated with the organizing of the school in 1954. Since 1954, the school has grown to include three disciplinary divisions with 19 programs, offering bachelor of arts, master of arts, educational specialist, education doctorate and doctor of philosophy degree programs. Several degree and certification programs are offered in cooperation with the School of Biological Sciences, the Conservatory of Music and the College of Arts and Sciences. The mission of the School of Education is to recruit, prepare and support outstanding teachers, mental health professionals and administrators who will create lifelong opportunities through education for America's diverse urban communities. This mission is centered on six key values which embody the knowledge, skills and dispositions expected of our candidates across the School of Education. The goals defined by individual programs are more specific subsets of these broader goals:

- Academic excellence.
- Strategic innovation.
- Inquiry leading to reflective decision making and problem solving.
- Skilled and knowledgeable professionals working collaboratively.
- Democracy, diversity and social justice.
- Caring and safe environments.

Admission Requirements

In order to obtain teacher certification in most states, including Missouri and Kansas, you must complete a college or university's approved teacher education program and pass the state's required assessment. Then your college or university can recommend you for certification to the state(s) of your choosing.

Teacher Education Admission Requirements: *Application deadlines are in December of each year. To find out specific dates [click here](#).*

- admission to UMKC
- completed the majority of specific pre-education and subject area course work prior to start of the professional education semesters;
- attained a cumulative grade point average of at least 2.75;
- attained a subject-area grade point average of at least 3.0 (middle school, secondary, and K-12);
- submitted acceptable results from an Missouri FBI background check;
- passed each section of the Missouri General Education Assessment, Content Assessment and Pedagogical Assessment;
- passed appropriate Praxis II content knowledge (middle school, secondary, and K-12) (will be replaced with a new test after 2014);
- completed the online application for the School of Education, including two essays, two reference forms and a plan of study;
- first Bachelor's degree seekers:
 - completed an oral communications class, Discourse I & II and a required math class or its equivalent with grades of C or better (students who have less than a C grade in mathematics may take the subject area CLEP); General Education requirements are waived if you already have a bachelor's degree.

Certification Course Requirements:

Students who have previously earned Bachelor's degrees may elect to earn a second Bachelor's degree or take coursework towards a Master's degree. In either scenario, ALL listed courses must be complete to earn teacher certification. Information contained herein is subject to change at any time by a vote of the faculty. All transfer and correspondence course work must receive prior approval by Student Services. Failure to get prior approval may result in the course work not applying toward a teacher education program.

Graduation & Certification Requirements:

- Grades of C or better are required in all education and subject matter courses. While a minimum of a C is required in all Education courses, a C average in Education courses is not sufficient for entry into the professional teacher education program;
- An overall grade point average of 2.75; content grade point average of a 3.0; and professional grade point average of a 3.0.
- All students must successfully complete the Praxis II test required for Missouri certification prior to graduation (NOTE: This test will be replaced with a new series of tests after fall 2014).

Title II Accountability: During the 2006-2007 academic year, graduates of UMKC's teacher preparation program achieved a 97% pass rate on the state licensure examination (PRAXIS).
