

Four-Year Graduation Plan - Courses and Critical Benchmarks

The following is a sample course of study. It is the Student's responsibility to ensure that all program requirements are met. This guide is not a substitute for academic advisement. For more information you may go to our website at www.sce.umkc.edu or the catalog at <http://www.umkc.edu/catalog> Please note this Program of Study is pending final approval of the Anchor III course.

Your path to graduation may vary slightly based on factors such as college credit you earned while in high school, transfer work from other institutions of higher learning and placement in Mathematics. You are responsible for checking prerequisites to any courses. Critical Courses and minimum recommended grades (as noted below) provide feedback regarding major fit and help indicate likelihood of successful completion of chosen academic program and degree.

First Math	MATH 210: Calculus I & STAT 235: Statistics	Foreign Language Requirement	No	Free Elective Hours	11-12
------------	---	------------------------------	----	---------------------	-------

Please note - prior to Year 1 (may include summer)

Students must have successfully passed (with a "C" or better) MATH 120: Pre-calculus or a combination of a MATH 110: College Algebra and MATH 125: Trigonometry or have taken four (4) units of high school mathematics including trigonometry as preparation for MATH 210 and preferably before Fall Semester Year 1, but not mandatory.

¹ **All students must take and/or establish credit for the following General Education Course Requirements: DISC 100, DISC 200, DISC 300, Anchor 1, Anchor 2, Anchor 3, Focus A, Focus B, Focus C and Focus Elective for a total of 30 credit hours of General Education. See General Education Requirements list for appropriate courses. Go to www.umkc.edu/core/courses**

² Enrollment is restricted. Students must pass the online ALEKS Math Entrance Test prior to enrolling.

³ Constitution requirement may be satisfied by taking either HISTORY 101 or HISTORY 102 or POL-SCI 210

⁴ RooWriter Assessment Test must be taken following the successful completion of DISC 200, but must be taken the semester before enrolling in COMP-SCI 304WI. <https://www.umkc.edu/RooWriter/logon.aspx>

⁵ Select either a Life Science or a Physical Science and at least one with a lab. Choices are: Biology, Chemistry, Environmental Science, Geo-Science or Physics. General elective credit hours are based upon how many credits are taken in the Life & Physical Sciences to equal a total of 120 credit hours for the degree.

⁶ All UMKC students must take the ETS-PP or MAPP Assessment Test and CS/IT majors must take the Major Field Exam before applying to graduate. For details go to: www.umkc.edu/testingcenter

⁷ IT Specialty electives are satisfied by taking two courses from the following categories: Networking (COMP-SCI 420, INFO-TECH 426 or INFO-TECH 427) or Programming (COMP-SCI 375, COMP-SCI 423, COMP-SCI 457, COMP-SCI 461 or INFO-TECH 350,)

⁸ CS/IT Electives can be any COMP-SCI/INFO-TECH course that is at the 300 level or above that is not a required course. See advisor for details.

⁹ Business Elective - choose two of the following: ACCT 211, MGT 306, MGT 330, FIN 325 or ENT 215)

¹⁰ Students with appropriate Computer Science, Information Technology or Business experience may petition to replace the internship requirement with a three credit hour CS/IT elective.

Policy

The School reserves the right to make changes in courses, degree requirements, and course schedules without notice. Students are expected to maintain a quality of achievement significantly above minimum UMKC standards for degree work. Individual student progress will be monitored throughout the program. Satisfactory progress is required of all students for retention in the program. Students are expected to maintain academic standards, perform satisfactorily in courses, refrain from academic dishonesty, comply with the established University and teacher education timetables and requirements, and refrain from unethical or unprofessional behavior or behaviors that obstruct the training process or threaten the welfare of the student or others. Other circumstances involving student behavior will be addressed by the faculty on an individual basis.
