

Four-Year Graduation Plan - Courses and Critical Benchmarks

The following is a sample course of study. It is the Student's responsibility to ensure that all program requirements are met. This guide is not a substitute for academic advisement. **The Accelerated Track is ONLY for students who have a bachelor's degree in another discipline.** Admission to this program is in two phases, first into pre-nursing, then by application and Committee approval into the Accelerated program. Again, students must already have a bachelor's degree to be eligible.

Your path to graduation may vary slightly based on factors such as college credit you earned while in high school, transfer work from other institutions of higher learning and placement in Mathematics. You are responsible for checking prerequisites to any courses. Critical Courses and minimum recommended grades (as noted below) provide feedback regarding major fit and help indicate likelihood of successful completion of chosen academic program and degree.

Policy

The School reserves the right to make changes in courses, degree requirements and course schedules without notice.

Students are expected to maintain a quality of achievement significantly above minimum UMKC standards for degree work. Individual student progress will be monitored throughout the program. Satisfactory progress is required of all students for retention in the teacher preparation program. Students are expected to maintain academic standards, perform satisfactorily in clinical courses, refrain from academic dishonesty, comply with the established University and teacher education timetables and requirements, and refrain from unethical or unprofessional behavior or behaviors that obstruct the training process or threaten the welfare of the student or others. Other circumstances involving student behavior will be addressed by the faculty on an individual basis.

All students completing an undergraduate degree must meet the following conditions in order to graduate and be recommended for graduation or certification:

- < Students must maintain a minimum semester GPA of 2.75 and no course grade can be less than a C
- < Students must keep a current copy of all immunization on file in the Nursing Student Services Office
- < All students must complete a Criminal Background Check & a Mental Health Background Check
