

Four-Year Graduation Plan - Courses and Critical Benchmarks

The following is a sample course of study. It is the Student's responsibility to ensure that all program requirements are met. This guide is not a substitute for academic advisement. **All incoming freshmen must develop an academic plan (which maps out all courses needed to graduate within your intended major/degree). Your academic advisor is available to meet with you and create your specific plan.**

Your path to graduation may vary slightly based on factors such as college credit you earned while in high school, transfer work from other institutions of higher learning and placement in Mathematics. You are responsible for checking prerequisites to any courses. Critical Courses and minimum recommended grades (as noted below) provide feedback regarding major fit and help indicate likelihood of successful completion of chosen academic program and degree.

Policy

The School reserves the right to make changes in courses, degree requirements and course schedules without notice.

Students are expected to maintain a quality of achievement significantly above minimum UMKC standards for degree work. Individual student progress will be monitored throughout the program. Satisfactory progress is required of all students for retention in the program. Students are expected to maintain academic standards, perform satisfactorily in courses, refrain from academic dishonesty, comply with the established University and teacher education timetables and requirements, and refrain from unethical or unprofessional behavior or behaviors that obstruct the training process or threaten the welfare of the student or others. Other circumstances involving student behavior will be addressed by the faculty on an individual basis.

Program Description

The Bachelor of Arts in Music Therapy degree program prepares students to use therapeutic applications of music to address clients' physical, psychological, cognitive, emotional, and social needs. Foundational coursework includes core music courses, such as theory, history and performance, as well as courses in science and psychology. Music therapy coursework addresses client populations, clinical musicianship, and the treatment process in clinical practice.

Admission Requirements

- < Complete the UMKC application for admission.
- < Complete the Conservatory Supplemental Application for Admission.
- < Complete an interview with a music therapy faculty member prior to admission.
- < Qualify for the first semester freshman level of lessons on the applied instrument for 2 units/credit hours at the audition for admission.
- < Students should have enough proficiency at the piano to play popular songs and church hymns, and to harmonize simple folk songs. The ability to play by ear is useful.
- < Emotional stability and good physical stamina are essential for a music therapist.
