

Four-Year Graduation Plan - Courses and Critical Benchmarks

The following is a sample course of study. It is the Student's responsibility to ensure that all program requirements are met. This guide is not a substitute for academic advisement. **All incoming freshmen must develop an academic plan (which maps out all courses needed to graduate within your intended major/degree). Your academic advisor is available to meet with you and create your specific plan.**

*Your path to graduation may vary slightly based on factors such as college credit you earned while in high school, transfer work from other institutions of higher learning and placement in Mathematics. You are responsible for checking prerequisites to any courses. Critical Courses and minimum recommended grades (as noted below) provide feedback regarding major fit and help indicate likelihood of successful completion of chosen academic program and degree.*

**Applied Music Tracks:** BM Composition majors must complete a minimum of 10 credit hours of performance-related study in one of the following tracks:

**A)** Complete level 301 secondary in any single applied area offered by the Conservatory (recommended for students who audition well on their pre-college instrument or voice and who wish to continue to fine tune their performance skills along with their composition skills).

**B)** Complete ten hours of secondary applied music courses and/or techniques classes (recommended for students who have skills in performance on an instrument that is not in the Conservatory catalog, such as ethnic and electric instruments, and who wish to supplement this knowledge with a broad-based understanding of multiple Western instruments and voice).

**C)** Complete six hours of Cons. 335 (Advanced Topics in Music and Media), plus four hours of secondary applied music courses and/or techniques classes (recommended for students whose primary pre-college performance experience is with computers/electronic music devices and instruments, and who wish to both focus their development as performers on high-level musical production of sound and to broaden their basic understanding of standard Western instruments and voice).

**Ensembles:** BM Composition majors must enroll in a minimum of four *as a performer* in any for-credit Conservatory class that includes faculty supervision and at least one public performance by multiple performers. These can include, but are not necessarily limited to, standard large and small Conservatory ensembles, chamber music enrollment, the Radical Art Technology ensemble, the Creative Collaborations: Ideas and Strategies class, and new ensemble opportunities as they may arise.

## Policy

The School reserves the right to make changes in courses, degree requirements and course schedules without notice.

Conservatory Merit Award recipients must be enrolled in a minimum of 15 hours each semester.

Students are expected to maintain a quality of achievement significantly above minimum UMKC standards for degree work.

Individual student progress will be monitored throughout the program. Satisfactory progress is required of all students for retention in the program. Students are expected to maintain academic standards, perform satisfactorily in courses, refrain from academic dishonesty, comply with the established University and teacher education timetables and requirements, and refrain from unethical or unprofessional behavior or behaviors that obstruct the training process or threaten the welfare of the student or others. Other circumstances involving student behavior will be addressed by the faculty on an individual basis.

## Program Description

The BM in Music Composition degree program connects students with leading edge trends in music composition. Focus is on fostering the student's individual and unique voice on a foundation of expert compositional techniques in large ensemble, chamber, vocal and technological genres. Set within a supportive community of 50-60 composers, our program offers mentorship and camaraderie to foster individual growth as an artist and musician. We offer freedom to explore new ideas and techniques in a setting where contemporary music is valued by the whole Conservatory.

## Admission Requirements

- ⟨ Complete the UMKC application for admission.
- ⟨ Complete the Conservatory Supplemental Application for Admission.
- ⟨ Submit a portfolio of 2-3 representative scores and/or tape recordings of original work.
- ⟨ Submit a complete list of original compositions.
- ⟨ Complete a personal interview with the composition faculty.
- ⟨ Qualify for the first semester freshman level of lessons on the applied instrument for 2 units/credit hours at the audition for admission.
