

Four-Year Graduation Plan - Courses and Critical Benchmarks

The following is a sample course of study. It is the Student's responsibility to ensure that all program requirements are met. This guide is not a substitute for academic advisement. **All incoming freshmen must develop an academic plan (which maps out all courses needed to graduate within your intended major/degree). Your academic advisor is available to meet with you and create your specific plan.**

*Your path to graduation may vary slightly based on factors such as college credit you earned while in high school, transfer work from other institutions of higher learning and placement in Mathematics. You are responsible for checking prerequisites to any courses. Critical Courses and minimum recommended grades (as noted below) provide feedback regarding major fit and help indicate likelihood of successful completion of chosen academic program and degree.*

## Program Description and Admission Requirements

The School of Education, organized officially as a separate academic division in 1954, was the result of the University of Kansas City's involvement in professional education since 1940. At that early date the University was offering an M.A. in education, heavily liberal-arts laden, with most classes conducted in the summer and evenings. An undergraduate major in elementary education was established in 1952, and the first University of Kansas City doctoral program, the Ph.D. in education, was inaugurated with the organizing of the school in 1954. Since 1954, the school has grown to include three disciplinary divisions with 19 programs, offering bachelor of arts, master of arts, educational specialist, education doctorate and doctor of philosophy degree programs. Several degree and certification programs are offered in cooperation with the School of Biological Sciences, the Conservatory of Music and the College of Arts and Sciences. The mission of the School of Education is to recruit, prepare and support outstanding teachers, mental health professionals and administrators who will create lifelong opportunities through education for America's diverse urban communities. This mission is centered on six key values which embody the knowledge, skills and dispositions expected of our candidates across the School of Education. The goals defined by individual programs are more specific subsets of these broader goals:

- < Academic excellence.
  - < Strategic innovation.
  - < Inquiry leading to reflective decision making and problem solving.
  - < Skilled and knowledgeable professionals working collaboratively.
  - < Democracy, diversity and social justice.
  - < Caring and safe environments.
- Admission to UMKC (<http://umkc.edu/admission>)
  - Completed the majority of specific pre-education and subject area course work prior to start of the professional education semesters;
    - Attained a cumulative grade point average of at least 3.00;
    - Attained a subject-area grade point average of at least 3.00 (middle school, secondary, and K-12);
    - Submitted acceptable results from an Missouri FBI background check;
    - Passed the Missouri General Education Assessment, Content Assessment and Pedagogical Assessment;
    - Completed the application for the School of Education (<http://education.umkc.edu/teapp>)

- Submit a score from the ACT or SAT; (if graduated from High School in past 5 years)
- Pass RooWriter Exam before taking the required writing intensive course.
