

**Four Year Graduation Plan – Courses & Critical Benchmarks:**

The following is a sample course of study. It is the Student's responsibility to ensure that all program requirements are met. This guide is not a substitute for academic advisement. For more information see the University Catalog at [umkc.edu/catalog](http://umkc.edu/catalog).

Your path to graduation may vary based on factors such as college credit you earned while in high school, transfer work from other institutions of higher learning, and placement in Mathematics. You are responsible for checking prerequisites to any courses. Critical Courses and minimum recommended grades (as noted below) provide feedback regarding major fit and help indicate likelihood of successful completion of chosen academic program and degree.

## Other Information

A minimum of 30 hours must be earned at the University of Missouri-Kansas City, regardless of the number and level of hours earned at another institution. Undergraduate degree-seeking students are required to earn credit in at least 36 hours of coursework numbered 300 and above at UMKC. In the case of transfer credit, the coursework must be numbered as junior-senior level work by the transferring institution. Community-college transfer coursework cannot count towards the 36-hour requirement.

## Policy

The University reserves the right to make changes in courses and course schedules without notice. Students are expected to maintain a quality of achievement significantly above minimum UMKC standards for degree work. Individual student progress will be monitored throughout the program. Satisfactory progress is required of all students for retention in the program. Students are expected to maintain academic standards, perform satisfactorily in courses, refrain from academic dishonesty, comply with the established University and teacher education timetables and requirements, and refrain from unethical or unprofessional behavior or behaviors that obstruct the training process or threaten the welfare of the student or others. Other circumstances involving student behavior will be addressed by the faculty on an individual basis.

## Program Description

The BM in Music Theory degree program is designed to offer top undergraduates the opportunity for study in music theory beyond that required for other degree programs. Students formally enter the program in their third year, choosing theory either as an independent major or to add to ongoing work in a first major. The program features a capstone project of the student's own design. Closely supervised by an individual member of the theory faculty, this one-on-one study mirrors that of the applied studio, a situation that is otherwise rarely available to undergraduates interested in research.

## Admission Requirements

- Complete the [UMKC application](#) for admission.
- Complete the [Conservatory Supplemental Application](#) for admission.
- Qualify for the first semester, freshman level, of lessons on the applied instrument for 2 units/credit hours at the audition for admission.
- Formal approval of the music theory program must be acted upon after the student completes Musicianship IV (CONSVTY 242) or the equivalent. Students in this degree plan must maintain a minimum GPA of B- in the undergraduate Musicianship sequence. Students not maintaining this minimum average may not graduate until the appropriate class or classes are retaken and the minimum average achieved.
- Students must demonstrate functional piano facility, aural skills and satisfactory part-writing and analysis proficiency.
