

**Four Year Graduation Plan – Courses & Critical Benchmarks:**

The following is a sample course of study. It is the Student's responsibility to ensure that all program requirements are met. This guide is not a substitute for academic advisement. For more information see the University Catalog at [umkc.edu/catalog](http://umkc.edu/catalog).

Your path to graduation may vary based on factors such as college credit you earned while in high school, transfer work from other institutions of higher learning, and placement in Mathematics. You are responsible for checking prerequisites to any courses. Critical Courses and minimum recommended grades (as noted below) provide feedback regarding major fit and help indicate likelihood of successful completion of chosen academic program and degree.

**Please Note:**

- AP, IB, CLEP, or transfer credit may be applied to select courses below. See UMKC Registration and Records for details.
- Students may satisfy the DISC 100 requirement with ACT English subscore of 30 or above or SAT verbal subscore of 690 or above.
- **The following courses must be completed before beginning the 6-year combined degree curriculum in order to be able to complete the BA Chemistry:**
  - CHEM 211 + 211L General Chemistry I with lab (Focus B) (5 cr, min grade B)
  - CHEM 212R + 212LR General Chemistry II with Lab (Focus Elective) (5 cr, min grade B)
  - PHYSICS 210 General Physics I (4 cr, min grade B)
  - MATH 210 Calculus I OR STAT 235 Elementary Statistics (3-4 cr, min grade B)
  - HISTORY 101, 102 OR POL-SCI 210 (Focus C + [MO Constitution Requirement](#)) (3 cr)
  - FOREIGN LANG 110 Elementary Foreign Language I (3 cr)
  - FOREIGN LANG 120 Elementary Foreign Language II (3 cr)

All students completing an undergraduate degree must meet the following conditions in order to graduate and be recommended for graduation or certification: 26 hours of course work in Chemistry and 8 hours of Physics are required in addition to M.D. Requirements.

### Policy

The University reserves the right to make changes in courses and course schedules. Students are expected to maintain a quality of achievement significantly above minimum UMKC standards for degree work. Individual student progress will be monitored throughout the program. Satisfactory progress is required of all students for retention in the program. Students are expected to maintain academic standards, perform satisfactorily in courses, refrain from academic dishonesty, comply with the established University requirements, and refrain from unethical or unprofessional behavior or behaviors that obstruct the training process or threaten the welfare of the student or others. Other circumstances involving student behavior will be addressed by the faculty on an individual basis.
